

Sharing and Caring

Today's Bible Story is from Acts 6:1-15

The early Christians worked hard to take care of each other. Some of the older women were widows. They needed extra help.

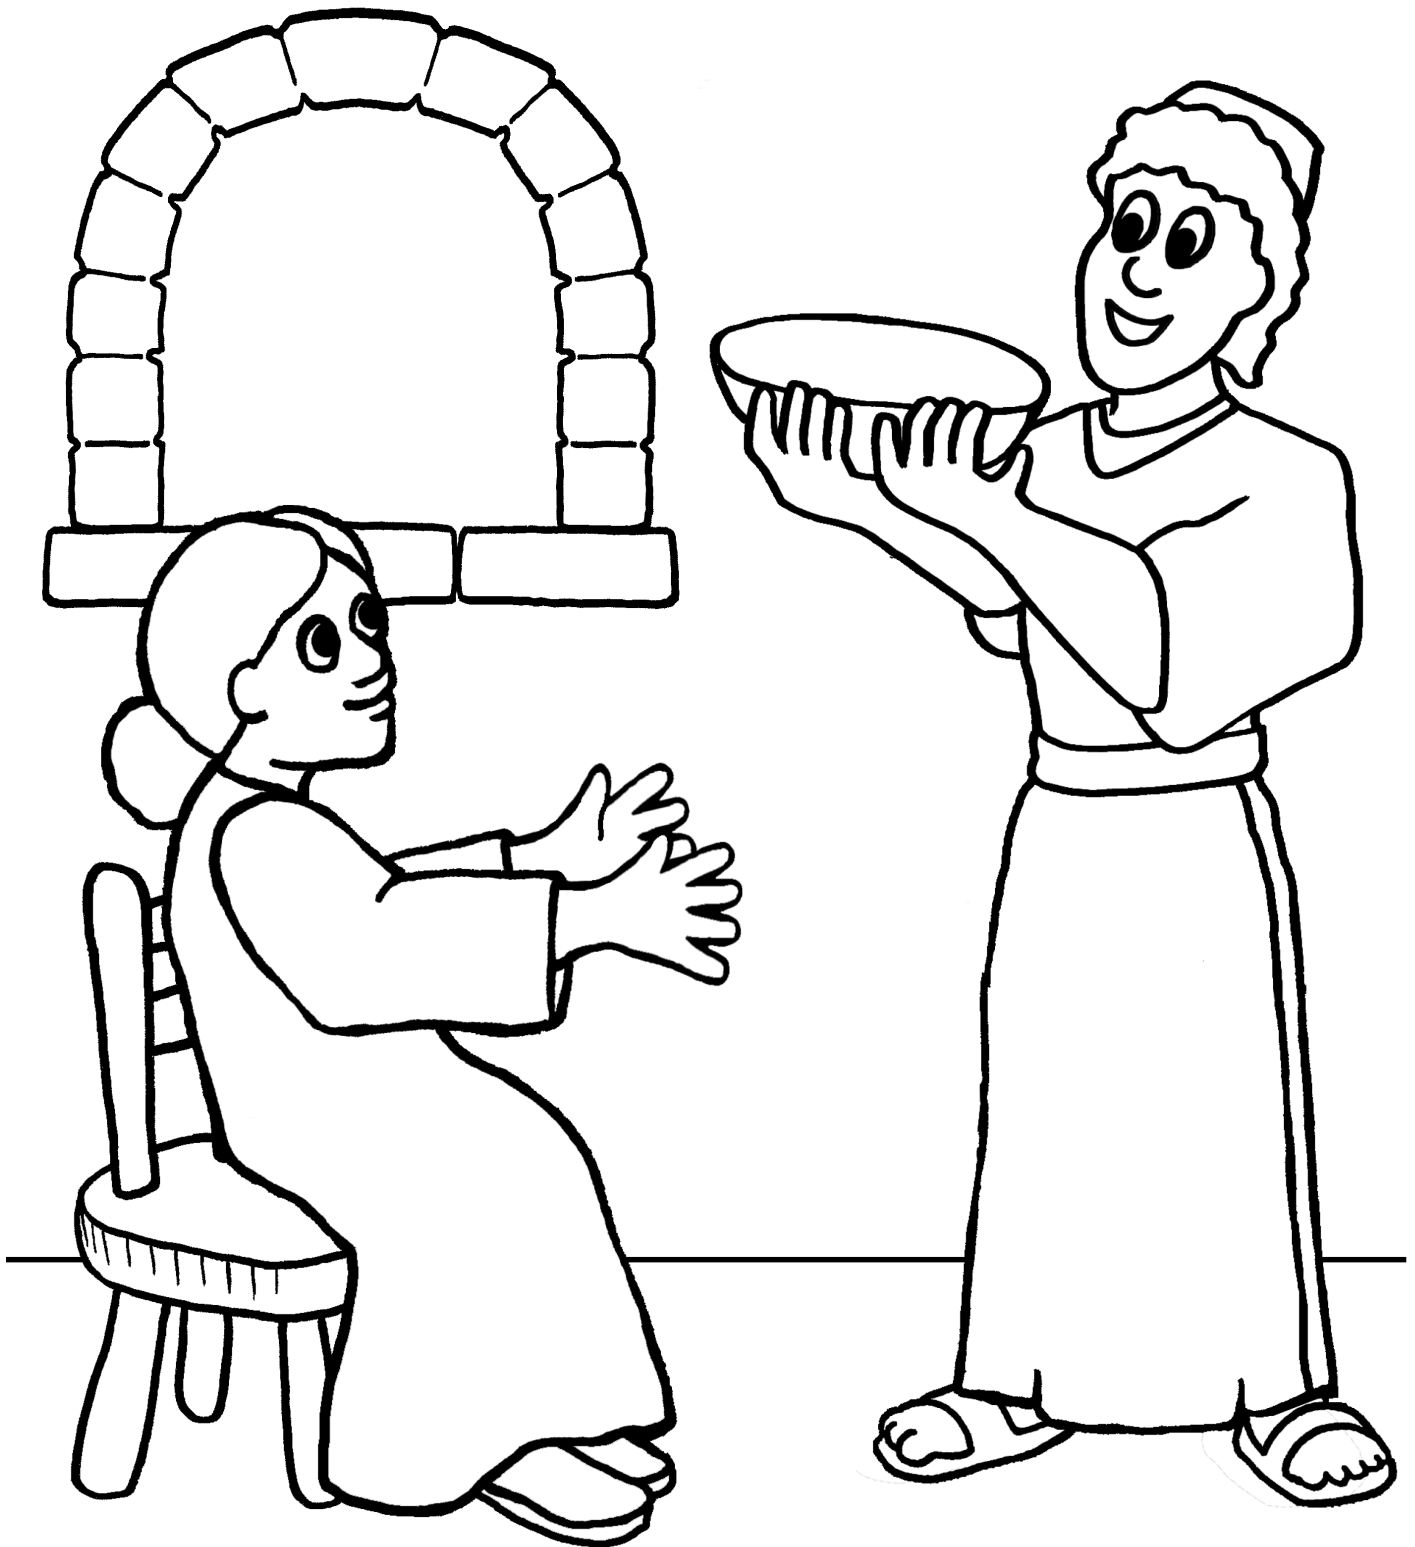

A few of the Greek people got upset. They thought the Greek widows were not getting as much food as the Hebrew widows.

After praying, the disciples chose Stephen and six other men to serve. The seven helpers made sure everyone got enough to eat.

Later, the disciples chose more good people to help in this way. They were called deacons, which means “one who serves.”

The people shared what they had.
